

it all. "We the undersigned citizens are concerned about the future that awaits us," they say. They are worried about the growing size of government. They are angry about the cruel Federal welfare state. And, above all, they call on us to get to work and balance the Federal budget.

I take their concern to heart. Not just because I agree with them, but because the people that sent me this contract are very important to me. It was written by a group of students from Escondido High School in my district.

Students like these are standing up to the people that say they don't care. They know how important it is that we balance and change the way government does business. It is their future that is at stake, not ours.

If we fail, these students know that they will have to live with the debt. In their contract, they note that, "the interest alone on our national debt is more than our entire national budget was when America was a better place to call home."

These young adults are taking the initiative to make a difference, and to make us change our ways. I am proud of them for making their voice heard.

Mr. Speaker, this contract represents the voice coming from the future of our country. I ask unanimous consent that it be included in the record so that every Member of this body can read it. We must hear their voice. We must make the future better for these children.

CONTRACT FROM AMERICANS

We the undersigned citizens are concerned about the future that awaits us. We feel the role of Government is to ensure the safety of the citizens, and prolong the sovereignty of the nation. Unfortunately, the nation that awaits us is not safe and is not sovereign. The continual waste of tax dollars on entitlement programs such as unending welfare, food stamps, special aid for drug addicts, paying farmers to not plant, and ensuring farmers profits must stop. In a true democracy everyone would vote on such spending. But as we live in a representative republic, you were selected to represent our wishes. With this in mind, we ask that you ensure the stability of our futures by enacting the following legislation:

1. The spending on welfare, food stamps, AFDC, and others must decrease. These programs have increased to 54% of the total federal budget with no end in sight. If this spending continues on the same course, you will authorize spending of all our tax dollars on programs that are designed to help only a fraction of our nation's population. We believe some people deserve help, but only for limited periods of time. These programs were designed to make life better. In reality they have not made people's lives better, and in many instances people have been so harmed by the continual give away of money they have lost the will to "get off welfare." The welfare program is so full of waste, fraud and redundancy, that it can only be repaired with a major overhaul. We feel if the social programs continue, they should be managed by the states where the recipients reside.

2. The furnishing of money to drug addicts must stop. Under your current rules, if someone is a drug addict, you authorize additional welfare (SSI) income over and above their "normal" welfare entitlement. Drugs cost money. If you give someone, who is addicted to drugs more money, that means they will only buy more drugs. This program was created to get people off drugs, an idea with good intentions. Unfortunately it has not worked. There are no indications that

drug addiction is on the decrease. In fact, drug addiction is on the increase, with the addict's drug of choice being once again, heroin.

3. Farm subsidies in all forms must stop or be reduced. You are authorizing farmers to receive income by not planting crops, at the same time people are going hungry, and food prices are going up. It is difficult to understand the concept of paying people to ensure they do not do their job, especially when others that need jobs cannot get a job. Additionally, if farmers grow certain crops, such as sugar, and do not make enough profit, you authorize payments to them to ensure they make what has been predetermined as a reasonable profit.

4. Balance the Federal Budget. Every American and every American business can spend only what they earn. The Federal Government should be held to the same standard. We are deeply in debt, yet the overspending continues. The interest alone on our debt is more than our entire national budget when America was a better place to call home.

The discussion in vogue these days, according to U.S. News and World Report, and the New York Times is "how little Generation X wants to contribute to the world, how they only play video games, buy CD's and watch television." We are members of Generation X, and very much want to contribute to the world. That is why we are so concerned about its current condition. Most of us work while going to high school. Hopefully, we will all be working soon. We want to contribute our fair share.

People of all ages need role models. We expect you to be a role model. But continually giving away our tax dollars on frivolous programs that pay people not to contribute sends a clear message that it is acceptable not to contribute. That is not acceptable to us. You were elected to be a leader. We expect you to lead the way for all of us for a better tomorrow.

Sincerely,

WORKING FOR PEACE IN KASHMIR

HON. DAVID E. BONIOR

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 8, 1995

Mr. BONIOR. Mr. Speaker, the Congress should take a strong stand in support of an end to the violence in Kashmir.

The American Overseas Interests Act, H.R. 1561, recognizes the need for all parties in the conflict in Kashmir to resolve the conflict peacefully.

India and Pakistan have fought two wars over this region.

Kashmir is still plagued by violence.

More than 20,000 people have been killed.

Tensions are on the rise again.

A mosque sacred to the Moslems in Kashmir was recently burned to the ground.

And on Saturday, June 3, the Indian Parliament once again extended New Delhi's rule over Kashmir and postponed elections, which were set to take place next month.

The call for peace is more important than ever.

I will continue to push for an even stronger message—to press India to respect human rights, to urge an end to the violence, and to allow the Kashmiri people to determine their own future.

While I am glad that India repealed the TADA law which has kept many minorities behind bars for political reasons, India needs to do more.

India should take further steps to allow international human rights groups access to Kashmir, and India should prosecute security personnel involved in abuses of human rights.

We cannot ignore the conflict in Kashmir.

The recognition of this issue in the bill is an important step in working toward a peaceful resolution.

Mr. Speaker, while I am not voting for H.R. 1561 because I believe it takes us a giant step back in building democracy around the globe, I wanted to indicate that I support this action on Kashmir.
